

A PLASTICO HACKETT ENGINEERING SPECIALTY  
[CUSTOMISED ENGINEERED PRODUCTS]

[SPECIALTY LINE]  
WET AREA PARTITIONS

Providing customised Wet area partitions for business and recreational facilities is a specialty line of our Plastics division.

All partitions, open lockers, storage cupboards and seating are made of inert, durable and extremely tough 100% recyclable polymer.

Significant benefits in health ie mildew, mould, odours and easy maintenance are a primary consideration for our selection of materials.

# [WET AREA PARTITIONS]

## KEY BENEFITS AT A GLANCE

- Will not :  
break, swell, splinter,  
delaminate or rot
